**Scientific Management and Solutions - Testing and Analysis** DISAST PURCH

	<p><b><u>541380--Testing Laboratory Services</u></b> Includes testing laboratory services and veterinary, natural, and life sciences; testing services and laboratories; and other professional, scientific, and technical consulting services.</p> <p>Testing and services include, but are not limited to: physical, chemical, analytical, or other testing services; quality assurance; fire safety inspections; training; safety audits; relying upon experimental, empirical, quantifiable data, relying on the scientific method, and professional services, tasks, and labor categories in the fields of biology, chemistry, physics, earth sciences, atmospheric science, oceanography, materials sciences, mathematics, geology, astronomy, veterinary medicine, statistics, systems science, etc., (excludes social and behavioral sciences).</p> <p>Examples of labor categories include, but are not limited to, Scientific Researchers, Biologists, Physicists, Mathematicians, Statisticians, Research Engineers, Meteorologists, Lab Technicians, Veterinarians and Veterinary Services, Chemists, Biochemical Engineers, Research Nurses.</p>
--	---

**Professional Services – Training** DISAST PURCH

	<p><b><u>611430--Professional and Management Development Training</u></b> Services include offering an array of short duration courses and seminars for management and professional development. Training for career development may be provided directly to individuals or through employers' training programs, and courses may be customized or modified to meet the special needs of customers. Instruction</p>
--	---

may be provided in diverse settings, such as the establishment's or agency's training facilities, and through diverse means, such as correspondence, television, the Internet, or other electronic and distance-learning methods. The training provided may include the use of simulators and simulation methods.

Examples include Training Services that are instructor led Training or Web Based Training of Education Courses, Course Development and Test Administration, Learning Management, and Internships; Environmental Training Services in order to meet Federal mandates and Executive Orders; training of agency personnel to deal with media and media responses; Logistics Training Services related to system operations, automated tools for supply and value chain management, property and inventory management, distribution and transportation management, and maintenance of equipment and facilities; Audit & Financial training services related to course development and instruction required to support audit, review, financial assessment and financial management activities.

Any firm offering Defense Acquisition Workforce Improvement Act (DAWIA) and Federal Acquisition Certification in Contracting (FAC-C) Training for Acquisition Workforce Personnel will include an identify only DAWIA and FAC-C courses that have been deemed DAU equivalent or approved by the Federal Acquisition Institute (FAI).

NOTE: In accordance with OMB Policy Letter 05-01, civilian agencies must follow the course equivalency determinations accepted by the Defense Acquisition University (DAU) to ensure that core training is comparable across the workforce and qualifies for certification. When procuring FAC-C and DAWIA training for the audience identified below, the task order level Contracting Officer shall confirm that the courses being acquired are listed on one of the following websites: <https://www.fai.gov/drupal/certification/verified-contracting-course-vendor-listing> OR <http://icatalog.dau.mil/appg.aspx> (click on commercial vendors). Training Audience-Acquisition professionals interested in completing FAC-C or DAWIA

**Professional Services - Environmental Services** 

[541620--Environmental Consulting Services](#) include providing advice and assistance to businesses and other organizations on environmental issues, such as the control of environmental contamination from pollutants, toxic substances, and hazardous materials; Endangered species, wetland, watershed, and other natural resource management plans; Archeological and/or cultural resource management plans. This includes identifying problems (e.g., inspect buildings for hazardous materials), measure and evaluate risks, and recommend solutions. Multi-disciplined staff of scientists, engineers, and other technicians with expertise in areas, such as air and water quality, asbestos contamination, remediation, ecological restoration, and environmental law such as Planning and Documentation Services for the development, planning, facilitation, coordination, and documentation of and/or for environmental initiatives (or mandates such as Executive Order 13693 in areas of chemical, radiological, and/or hazardous materials; ISO 14001 Environmental Management System (EMS) and sustainable performance measure development; Environmental Assessment (EA) and Environmental Impact Statement (EIS) preparation under the National Environmental Policy Act (NEPA).

	<p><a href="#">562910REM--Environmental Remediation Services</a> Remediation services include site preparation, characterization, field investigation, conservation and closures, emergency response cleanup (ERC), underground storage tank/above-ground storage tank (UST/AST) removal, air monitoring, soil vapor extraction, stabilization/solidification, bio-venting, carbon absorption, containment, monitoring and/or reduction of hazardous waste sites, unexploded ordnance removal, and remediation-related laboratory testing (e.g., biological, chemical, physical, pollution and soil testing). Reclamation services include: creating new land from sea or riverbeds, wetland restoration, and restoring areas to a more natural state (e.g., after pollution, desertification, or salinization have made it unusable).</p> <p>NOTE: Services offered under this scope shall not include any remediation/transportation/disposal of radioactive waste, asbestos and/or paint abatement, radon mitigation, or construction and architect-engineer services as set forth in FAR Part 36 (including construction, alteration or repair of buildings, structures, or other real property). This SIN does not include Davis-Bacon work as defined in Federal Acquisition Regulation Subpart 22.4. Ordering agencies must ensure the work being required is not covered by the Davis-Bacon Act</p>

**Professional Services - Business Administrative Services** 

	<p><a href="#">541611--Management and Financial Consulting, Acquisition and Grants Management Support, and Business Program and Project Management Services</a> Provide operating advice and assistance on administrative and management issues. Examples include: strategic and organizational planning, business process improvement, acquisition and grants management support, facilitation, surveys, assessment and improvement of financial management systems, financial reporting and analysis, due diligence in validating an agency’s portfolio of assets and related support services, strategic financial planning, financial policy formulation and development, special cost studies, actuarial services, economic and regulatory analysis, benchmarking and program metrics, and business program and project management.</p> <p>Inherently Governmental services as identified in FAR 7.503 or by the ordering agency are prohibited. It is the responsibility of the Contracting Officer placing the order to make this determination. Ordering activities must require prospective contractors to identify potential conflicts of interest and address those, prior to task order award.</p> <p>Personal services as defined in FAR 37.104 are prohibited.</p>
--	--

**Miscellaneous - Complementary Special Item Numbers (SINs)** 

	<p><a href="#">Order-Level Materials (OLM)</a> OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable</p>
--	--

price determination for all OLMs.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.

OLM SIN-Level Requirements/Ordering Instructions:

OLMs are:

- Purchased under the authority of the FSS Program
- Unknown until an order is placed
- Defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 Special Ordering Procedures for the Acquisition of Order-Level Materials. (Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs)
- Only authorized for use in direct support of another awarded SIN.
- Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN)
- Subject to a Not To Exceed (NTE) ceiling price

OLMs are not:

- Open Market Items.
- Items awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level)

OLM Pricing:

- Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF).
- The value of OLMs in a task or delivery order, or the cumulative value of OLMs in orders against an FSS BPA awarded under an FSS contract, cannot exceed 33.33%.

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. **See Page 10**

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item. **See Page 32**

2. Maximum order: **\$1,000,000**
3. Minimum order: **\$300**
4. Geographic coverage (delivery area). **Worldwide**
5. Point(s) of production (city, county, and State or foreign country). **Same as Company Address**
6. Discount from list prices or statement of net price. **Government Net Price**
7. Quantity discounts. **None**
8. Prompt payment terms. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions. **Net 30 days**
9. Foreign items (list items by country of origin). **None**
- 10a. Time of delivery. (Contractor insert number of days.) **To Be Determined at the Task Order level**
- 10b. Expedited Delivery. Items available for expedited delivery are noted in this price list. **Contact Contractor**
- 10c. Overnight and 2-day delivery. **Contact Contractor**
- 10d. Urgent Requirements. **Contact Contractor**
11. F.O.B. point(s). **Destination**
- 12a. Ordering address(es). **Same as Contractor**
- 12b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3.
13. Payment address(es).

***Labor Category Descriptions***

<b>SIN 541330ENG</b>			
<b>Labor Categories (shown in alphabetical order)</b>	<b>Typical Functional Responsibilities</b>	<b>Minimum Experience</b>	<b>Minimum Education Requirements</b>
Administrator, Junior	Supports the technical staff in routine, daily requirements under direct supervision.	Less than 4 Years	High School Diploma or Equivalent
Administrator, Mid-level	Supports the technical staff in complex or one-time requirements. Supervises and instructs less experienced staff.	4 Years	BS or BA Degree
Administrator, Senior	Coordinates with Program / Project Managers to ensure standard procedures are tailored to the needs of the client. Supervises administrative staff.	10 Years	BS or BA Degree
Biologist, Junior	Performs routine aspects of assignments requiring knowledge and application of basic techniques and procedures.	Less than 4 Years	BS Degree
Biologist, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of projects. Must be registered or equivalent if registration is not appropriate for their profession.	4 Years	BS Degree
Biologist, Senior	Experienced in a wide range of complex applications of the stated specialty and supervises others to ensure that the task is completed on time and within budget. Must be registered or equivalent if registration is not appropriate for their profession.	10 Years	BS Degree
CADD Technician, Junior	Performs tasks under close supervision and guidance. Begins learning designs/layouts with guidance from engineers and senior CADD staff. Prepares drawings from conceptual layout to detailed finished product. Performs calculations under the direct supervision of CADD Specialists.	Less than 2 Years	BA or BS Degree
CADD Technician, Mid-level	Performs tasks under limited supervision and guidance. Develops conceptual and detailed designs, coordinates with engineers, checks drawings produced by others, and prepares design calculations. May also train staff in specific techniques and manage specific project tasks related to CADD design.	2 Years	BA or BS Degree
CADD Technician, Senior	Supervises design team of designers and/or drafters. Engages in developing comprehensive designs in support of assigned engineering projects. Develops and implements standard operating procedures and templates for producing technical design drawings. Performs calculations, works on assignments with varying degrees of difficulty, and reports data and operational procedures to supervising CADD Specialists and task managers.	4 Years	BA or BS Degree
Chemical Engineer, Junior	Performs routine aspects of assignments requiring knowledge and application of basic engineering techniques and procedures.	Less than 4 Years	BS Degree in a Chemical Engineering Discipline
Chemical Engineer, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of projects. Must be registered or equivalent if registration is not appropriate for their profession.	4 Years	BS Degree in a Chemical Engineering Discipline
Chemical Engineer, Senior	Experienced in a wide range of complex applications of the stated specialty and supervises others to ensure that the task is completed on time and within budget. Must be	10 Years	BS Degree in a Chemical Engineering Discipline

<b>Labor Categories (shown in alphabetical order)</b>	<b>Typical Functional Responsibilities</b>	<b>Minimum Experience</b>	<b>Minimum Education Requirements</b>
	registered or equivalent if registration is not appropriate for their profession.		
Chemist, Junior	Performs routine aspects of assignments requiring knowledge and application of basic techniques and procedures.	Less than 4 Years	BS Degree
Chemist, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of the projects. Must be registered or equivalent if registration is not appropriate for their profession.	4 Years	BS Degree
Chemist, Senior	Experienced in a wide range of complex applications of the stated specialty and supervises others to ensure that the task is completed on time and within budget. Must be registered or equivalent if registration is not appropriate for their profession.	10 Years	BS Degree
Civil Engineer, Junior	Performs routine aspects of assignments requiring knowledge and application of basic engineering techniques and procedures.	Less than 4 Years	BS Degree in Civil Engineering Discipline
Civil Engineer, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of projects. Must be registered or equivalent if registration is not appropriate for their profession.	4 Years	BS Degree in Civil Engineering Discipline
Civil Engineer, Senior	Experienced in a wide range of complex applications of the stated specialty and supervises others to ensure that the task is completed on time and within budget. Must be registered or equivalent if registration is not appropriate for their profession.	10 Years	BS Degree in Civil Engineering Discipline
Clerical/Word Processor, Junior	Performs secretarial duties and supports project and technical staff in routine assignments. Assists with project administration under direct supervision.	Less than 4 Years	High School Diploma or Equivalent
Clerical/Word Processor, Mid-level	Performs a variety of administrative activities under limited or general supervision. Assists in the instruction and supervision of lesser experienced clerical staff.	4 Years	High School Diploma or Equivalent
Clerical/Word Processor, Senior	Performs a variety of routine as well as non-routine administrative and secretarial activities including supervision of clerical staff.	8 Years	High School Diploma or Equivalent
Economist, Junior	Performs routine aspects of assignments requiring knowledge and application of basic techniques and procedures.	Less than 4 Years	BS or BA Degree
Economist, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of the projects.	4 Years	BS or BA Degree
Electrical Engineer, Junior	Performs routine aspects of assignments requiring knowledge and application of basic electrical engineering techniques and procedures.	Less than 4 Years	BS Degree in Electrical Engineering Discipline
Electrical Engineer, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of projects. Must be registered or equivalent if registration is not appropriate for their profession.	4 Years	BS Degree in Electrical Engineering Discipline
Electrical Engineer, Senior	Experienced in a wide range of complex applications of the stated specialty and supervises others to ensure that the task is completed on time and within budget. Must be registered or equivalent if registration is not appropriate for their profession.	10 Years	BS Degree in Electrical Engineering Discipline
Information Specialist, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of the projects.	4 Years	BA or BS Degree
Information Specialist, Senior	Experienced in a wide range of complex applications of the stated specialty and supervises others to ensure that the task is completed on time and within budget.	10 Years	BA or BS Degree

<b>SIN 541330ENG</b>			
<b>Labor Categories (shown in alphabetical order)</b>	<b>Typical Functional Responsibilities</b>	<b>Minimum Experience</b>	<b>Minimum Education Requirements</b>
Mechanical Engineer, Junior	Performs routine aspects of assignments requiring knowledge and application of basic engineering techniques and procedures.	Less than 4 Years	BS Degree in Mechanical Engineering Discipline
Mechanical Engineer, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of projects. Must be registered or equivalent if registration is not appropriate for their profession.	4 Years	BS Degree in Mechanical Engineering Discipline
Mechanical Engineer, Senior	Experienced in a wide range of complex applications of the stated specialty and supervises others to ensure that the task is completed on time and within budget. Must be registered or equivalent if registration is not appropriate for their profession.	10 Years	BS Degree in Mechanical Engineering Discipline
Physicist, Junior	Performs routine aspects of assignments requiring knowledge and application of basic techniques and procedures.	Less than 4 Years	BS Degree
Physicist, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of the projects. Must be registered or equivalent if registration is not appropriate for their profession.	4 Years	BS Degree
Physicist, Senior	Experienced in a wide range of complex applications of the stated specialty and supervises others to ensure that the task is completed on time and within budget. Must be registered or equivalent if registration is not appropriate for their profession.	10 Years	BS Degree
Principal Engineer	Responsible for the engineering design on larger projects that the firm undertakes. Fully capable of providing consultation to project engineers and for engineering design concept. Those in this category are considered experts in their field. Provides expert support on an as-needed basis. Must be registered or equivalent if registration is not appropriate for their profession.	10 years	BS Degree
Program Manager	Manages and oversees the largest projects and programs or has regional responsibility. Can commit the firm to fees, scope of work, and schedules. Experienced in managing complex, multi-disciplinary programs and supervision of project managers. Responsible for overall direction and ensuring availability of program resources. Must be registered or equivalent if registration is not appropriate for their profession.	12 Years	BS Degree
Project Manager	Experienced in managing complex, multi-disciplinary projects/programs and supervision of task managers. Responsible for ensuring that the project is completed on time and within budget. Must be registered or equivalent if registration is not appropriate for their profession.	8 Years	BS Degree
Software Developer, Junior	Performs routine aspects of assignments requiring knowledge and application of basic techniques and procedures.	Less than 2 Years	BA or BS Degree
Software Developer, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of the projects.	4 Years	BA or BS Degree
Software Developer, Senior	Experienced in a wide range of complex applications of the stated specialty and supervises others to ensure that the task is completed on time and within budget.	10 Years	BS Degree
Statistician, Junior	Performs routine aspects of assignments requiring knowledge and application of basic techniques and procedures.	Less than 4 Years	BA or BS Degree
Statistician, Mid-level	Experienced in a wide range of complex applications of the stated specialty. May manage portions of the projects.	4 Years	BA or BS Degree
Statistician, Senior	Experienced in a wide range of complex applications of the stated specialty and supervises others to ensure that the task is completed on time and within budget.	10 Years	BA or BS Degree

**SIN 541330ENG**

<b>Labor Categories (shown in alphabetical order)</b>	<b>Typical Functional Responsibilities</b>	<b>Minimum Experience</b>	<b>Minimum Education Requirements</b>
Subject Matter Expert	Experienced in all aspects of the field and is a published, recognized expert in one or more specialty areas. Provides support on an as-required basis.	15 Years	BS Degree
Survey Junior Party Member	Performs routine surveying tasks in accordance with standard operating procedures under direct supervision.	Less than 2 Years	High School Diploma or Equivalent
Survey Party Chief	Plans, executes, and manages field survey tasks. Makes non-routine judgments and decisions, addresses QC aspects of assignments, and are internal experts in the procedures associated with their work. Develops and implements standard operating procedures for routine field survey tasks. Supervises and trains survey technicians. Clerical/Word Processor, Mid-Level	01612 - Word processor II	2015-5253
Clerical/Word Processor, Junior	01611 - Word Processor I	2015-5253

The Service Contract Labor Standards, formerly the Service Contract Act (SCA), apply to this contract and it includes SCLS applicable labor categories. Labor categories and fixed price services marked with a (\*\*) in this pricelist are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCLS/SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e., nationwide).
