We believe infrastructure creates opportunity for everyone.

Whether it’s improving your commute, keeping the lights on, providing access to clean water or transforming skylines, infrastructure powers possibilities to help people and communities thrive.

UNITED BY PURPOSE

We are the world’s premier infrastructure firm – planners, designers, engineers, consultants and construction managers driven by a common purpose to deliver a better world. On projects spanning transportation, buildings, water, governments, energy and the environment, we partner with our clients to build legacies for generations to come.

At AECOM, we foster a workplace where inclusive and diverse teams can thrive, harnessing the power of technology and the entrepreneurial spirit of our people to deliver market-leading innovations. These solutions are built on our culture of ethics and safety that is defined by our integrity and goal of achieving zero work-related injuries.

VALUES THAT DRIVE US

Safeguard
We operate ethically and with integrity, while prioritizing safety and security in all that we do.

Collaborate
We build diverse teams that connect expertise to create innovative solutions.

Inspire
We develop and celebrate our people and elevate the communities we touch.

Anticipate
We understand the complexity of our clients’ challenges and help them see further.

Deliver
We grow our business through operational excellence and flawless execution.

Dream
We transcend the industry by reimagining what is possible — and realizing it.

OUR HISTORY

AECOM became an independent company formed by the merger of five entities. While our official founding was in 1990, many of our predecessor firms had distinguished histories dating back more than 120 years.

Since then, more than 50 companies have joined AECOM and, in 2007, we became a publicly traded company on the New York Stock Exchange.

Today, listed at #157 on the Fortune 500 as one of America’s largest companies, AECOM is the world’s premier infrastructure firm with an unrivaled heritage delivering design, planning, engineering, consulting and construction management solutions.
