Program Management/Construction Management

**AECOM**  
Built to deliver a better world

## SPEED TO MARKET

At AECOM, we are inspired by the evolving marketplace to advance the delivery of healthcare. We believe in ingenuity, always asking the questions that need to be asked and working with our clients to find fresh solutions. What are today's primary patient care challenges? How we can meet the needs of tomorrow's patients? What can be done to create healing environments that benefit patients, families and staff?

Our world is changing and answers to these questions will evolve with emerging technologies and the latest research. Currently healthcare systems face many challenges including a transition to value-based reimbursement, care coordination, population health management, patient engagement and physician and nurse shortages.

AECOM has exceptional related experience with major healthcare facilities and is one of the largest and most comprehensive multi-disciplined healthcare facility consulting firms in the United States. For decades, we have assisted a diverse range of public and private healthcare clients in achieving their program and design objectives. We have provided program and construction management for a wide range of health and human service projects, including hospitals, medical centers and psychiatric facilities, collectively valued at well over US\$10 billion.

We look forward to exploring the new challenges of healthcare with you. Let's meet the future together.

### Santa Clara Valley Health and Hospital System, Gilroy, Milpitas and Sunnyvale, CA

We provided **project and construction management services** to Santa Clara County for construction of three new health centers, with services that included construction inspection, cost estimating and cost analysis, scheduling and schedule analysis, issue tracking and resolution, constructability reviews, construction planning, reporting and claims analysis.

## INNOVATING THE NEW FRONTIER OF HEALTHCARE DELIVERY

### UCLA Santa Monica Orthopaedic Replacement Hospital, Santa Monica, CA

For UCLA Santa Monica, we provided **program, project and construction management services** while the existing hospital was fully operational, including demolition of existing structures and construction adjacent to occupied spaces.

### Ronald Reagan UCLA Medical Center, Los Angeles, CA

We provided comprehensive **program and construction management services** to this state-of-the-art teaching hospital, where schedule management and overcoming tight urban job site constraints were key to completing this award-winning project.

### Jackson Health System Capital Plan, Miami, FL

We are providing **program management owner's representative services** to assist JHS with their 10-year capital plan, which will encompass JHS' entire integrated healthcare delivery system and transform the facilities into a modernized, patient-centered healthcare system that can better meet the future needs of the population of Miami-Dade County and beyond.

### San Jose Downtown Health Center, San Jose, CA

As **owner's representative**, we provided overall project construction and design management for the new health center, which will increase availability to ambulatory care services and include family medicine, medical home modules, clinical labs, diagnostic imaging and a pharmacy.

## About AECOM

AECOM is built to deliver a better world. We design, build, finance and operate infrastructure assets for governments, businesses and organizations in more than 150 countries. As a fully integrated firm, we connect knowledge and experience across our global network of experts to help clients solve their most complex challenges. From high-performance buildings and infrastructure, to resilient communities and environments, to stable and secure nations, our work is transformative, differentiated and vital. A *Fortune 500* firm, AECOM companies have annual revenue of approximately US\$18 billion. See how we deliver what others can only imagine at [aecom.com](http://aecom.com) and [@AECOM](https://www.instagram.com/aecom).
