FACT SHEET

AECOM is a global network of design, engineering, construction and management professionals partnering with clients to imagine and deliver a better world. From high-performance buildings and infrastructure, to resilient communities and environments, to stable and secure nations, our vision is to be the premier, fully integrated infrastructure firm.

For the last five years, we have been named one of Fortune’s World’s Most Admired Companies. Additionally, we ranked #1 in Transportation and General Building in Engineering-News Record’s 2018 “Top 500 Design Firms.” As an employer of choice, we have been recognized by VIQTORY as a 2019 Military Friendly® Gold Employer and received a perfect score on the Human Rights Campaign Foundation’s Corporate Equality Index.

Our company’s design, build, finance and operate capabilities are organized in four segments:

**Design and Consulting Services (DCS)**
We provide world-class design, architecture, engineering and consulting services as a market leader in transportation, water, environmental, energy, buildings and public spaces.

**Construction Services (CS)**
As the builder of some of the world’s most iconic and challenging structures ever conceived, we partner with owners, developers and infrastructure providers in the building construction, civil, oil & gas and power sectors.

**AECOM Capital (ACAP)**
We are the investment arm of AECOM that invests in and manages the development of real estate, public-private partnerships and infrastructure projects.

**Management Services (MS)**
We work with governments around the world supporting programs of critical national importance in the areas of defense, security and intelligence, energy, infrastructure and international development, and environmental cleanup.

### FINANCIAL PERFORMANCE

**8%** Organic Revenue Growth FY’18

**$20B** Record Total Revenue FY’18

**$28B** Record Wins FY’18

**$54B** Record Backlog exiting FY’18

**$511M** Record Free Cash Flow Q4'18

**We have built a strong foundation for growth and are well positioned to capitalize on multi-year trends**

- US$54 billion in record backlog provides several years of visibility
- Long-term funding as a result of substantial federal and state-level measures
- Favorable legislative backdrop created by strong support for infrastructure and defense
- Significant exposure to attractive end markets, where we generate the majority of our profits

### KEY PROJECTS AND RECENT WINS

**Melbourne Metro Tunnel Project, Melbourne, Australia**
The highly complex and challenging design brief will connect the new 9 km Metro tunnels to the existing live rail corridors. AECOM’s affiliates will design all elements of the project.

**Hudson Yards, New York, NY, U.S.**
Constructed on 28 acres over a working rail yard, the mega development will contain more than 18 million square feet of commercial and residential space, including the highest outdoor observation deck in the Western Hemisphere at 100 stories up.

**Joint Range Technical Services, U.S.**
AECOM provides engineering and technical support to multiple western test ranges for the U.S. Air Force and Navy under the Joint Range Technical Services contract.

**REM, Montreal, Canada**
AECOM, through a partnership on the design team, was selected as the preferred proponent for the infrastructure engineering, procurement and construction of the Réseau express métropolitain (REM). Once built, the REM will be the largest automated transportation network in the world after those of Singapore, Dubai and Vancouver.

OUR HISTORY

Twenty-nine years ago, AECOM launched when a handful of employees from design and engineering companies shared a dream of creating an industry-leading firm dedicated to making the world a better place.

AECOM became an independent company formed by the merger of five entities. While our official founding was in 1990, many of our predecessor firms had distinguished histories dating back more than 115 years.

Since then, more than 50 companies have joined AECOM and, in 2007, we became a publicly traded company on the New York Stock Exchange.

In 2014, we more than doubled our revenue and workforce, which expanded our capabilities and solidified us as a premier, fully integrated infrastructure firm.

Today, listed at #164 on the Fortune 500 as one of America’s largest companies, AECOM and its talented teams are solving our clients most complex challenges around the world.

VALUES

Our values define who we are, how we act and what we aspire to:

Safeguard
We operate ethically and with integrity, while prioritizing safety and security in all that we do.

Collaborate
We build diverse teams that connect expertise to create innovative solutions.

Inspire
We develop and celebrate our people, and elevate the communities we touch.

Anticipate
We understand the complexity of our clients’ challenges and help them see further.

Deliver
We grow our business through operational excellence and flawless execution.

Dream
We transcend the industry by reimagining what is possible — and realizing it.

SAFETY

“Safety for Life” is AECOM’s comprehensive internal program that drives our employees toward the company’s commitment to achieving zero work-related injuries and illnesses, preventing damage to property and the environment, and maintaining an environmentally friendly and sustainable workplace.

Whether located on a project site, in the office or at home, we embrace safety as a lifestyle choice by maintaining essential safety procedures and behaviors everywhere we go.

CORPORATE RESPONSIBILITY

Inspired by the tangible impact our employees make on the world, our Corporate Responsibility platform — Blueprint for a Better World — brings to life our purpose, reflecting our core values as well as our strategic priorities.

Our mission: To deliver safe and secure infrastructure to those who need it most, to create opportunities for the leaders of tomorrow and to protect our planet so that, together, we can realize our dream of a better world.

SUSTAINABILITY

Healthy societies depend on physical and social infrastructure to advance economic opportunity, protect our environment and improve people’s lives.

Our commitment to sustainability goes beyond meeting client requirements and complying with environmental rules and regulations at the local, state/provincial and national levels. We seek to innovate and deliver solutions that are resilient to a dynamic and unpredictable world, reduce pollution, are environmentally sustainable and conserve resources.

ICONIC PROJECTS

- **One World Trade Center**
  Tallest building in the Western Hemisphere standing 1,776 feet high. Its sheer size, geographic constraints and operational necessities make it one of the most complex projects ever built.

- **Crossrail London**
  Largest construction project in Europe, stretching more than 62 miles from Maidenhead and Heathrow Airport in the west of London with Shenfield and Abbey Wood in the east.

- **Taizhou Bridge**
  First ever, three-tower suspension bridge connecting four main cities in China.

- **Hyperloop Technologies**
  Imagine traveling at airline speeds for the price of a bus ticket. AECOM is the only infrastructure company in the world to have planned, designed and constructed Hyperloop projects.

- **Rio 2016 Olympic and Paralympic Games**
  AECOM won an international competition to design the Games’ master plan, which included three stages: games, transition and legacy.

- **Los Angeles International Airport**
  AECOM is managing the comprehensive LAX implementation plan for modernizing the airport.

- **Crossrail London**
  Largest construction project in Europe, stretching more than 62 miles from Maidenhead and Heathrow Airport in the west of London with Shenfield and Abbey Wood in the east.

- **Los Angeles International Airport**
  AECOM is managing the comprehensive LAX implementation plan for modernizing the airport.
