

**About AECOM**

AECOM is built to deliver a better world. We design, build, finance and operate critical infrastructure assets for governments, businesses and organizations. As a fully integrated firm, we connect knowledge and experience across our global network of experts to help clients solve their most complex challenges. From high-performance buildings and infrastructure, to resilient communities and environments, to stable and secure nations, our work is transformative, differentiated and vital. A *Fortune 500* firm, AECOM had revenue of approximately \$20.2 billion during fiscal year 2018. See how we deliver what others can only imagine at [aecom.com](http://aecom.com) and [@AECOM](https://twitter.com/AECOM).

## Delivering complex Navy programs worldwide

### Key capabilities and contacts

**Navy Client Account Leader:** Principal in Charge for major Navy programs, including MILCON, environmental, design and engineering  
Michael Blount  
904.652.5386  
michael.blount@aecom.com

**A/E design:** architecture, building engineering, facility design, sustainability, MILCON, SRM, MDA, intelligence community, DD1391s, design-build  
Michael Blount  
904.652.5386  
michael.blount@aecom.com

**Asset management:** inventory, BUILDER SMS, facility/pavement condition assessments, utility/energy/water systems, facility management  
Richard Kaselow  
303.308.3502  
richard.kaselow@aecom.com

**Contingency/emergency services:** emergency response mobilization, damage assessment, long-term recovery planning, reconstruction  
Michael Blount  
904.652.5386  
michael.blount@aecom.com

**Cultural resources management:** site/condition assessment, conservation/restoration plans, regulatory support, tribal consultation  
Andy York  
619.610.7633  
andy.york@aecom.com

**Design-build:** challenging locations and project types; complex new and reconstruction projects, including waterfront, medical and secure/critical  
Michael Blount  
904.652.5386  
michael.blount@aecom.com

**Energy:** ESPC, audit, energy-efficient renovation/construction, LEED, sustainability, cogeneration, renewable energy, lighting  
Matt McCann  
518.955.2748  
matt.mccann@aecom.com

**Environmental planning/NEPA:** environmental assessment, environmental impact statement, public involvement, regulatory/agency support  
Valarie Yruretagoyena  
619.610.7798  
valarie.yruretagoyena@aecom.com

**Environmental remediation:** site cleanup/closure, green remediation technology, remedial system development/implementation, system O&M  
Ken Vinson  
757.306.6793  
ken.vinson@aecom.com

**Master planning** (global, regional, installation, area): investment strategy, programming, project documentation, land use, sustainability  
Brad Wellington  
703.682.9025  
brad.wellington@aecom.com

**Military munitions response program:** Technical Project Planning; RI/FSs, EE/CAs, PPs, and RODs; design; remedies for site closure  
Rick Swahn  
571.403.5419  
rick.swahn@aecom.com

**Natural resources:** biological/environmental assessment, habitat restoration, natural resource management plans, regulatory/agency support  
Jennifer Warf  
301.820.3305  
jennifer.warf@aecom.com

**Resiliency:** vulnerability assessment, infrastructure, cyber, climate, shoreline/coastal, economic impact, secure installations, O&M  
Darcy Immerman  
781.929.1495  
darcy.immerman@aecom.com

AECOM, in a JV, implemented 9.2 MW of solar capacity in solar photovoltaic and energy efficiency improvements at numerous U.S. Naval facilities in the eastern U.S. AECOM provided design as well as project and construction management.

AECOM prepared the NAS Oceana, Virginia Installation Development Plan (IDP) to guide master planning and real property investment at this master jet base for the next 25 years. The IDP integrates strategic installation planning components and real property development details for NAVFAC Mid-Atlantic.

On the Guam Expansion Program, an AECOM JV provides planning, engineering and project management services to the Navy in support of the relocation of U.S. forces from Okinawa, Japan, to Guam.

AECOM has served NAVFAC Pacific Comprehensive Long-Term Environmental Action Navy (CLEAN) continuously since 1994. We performed sediment core sampling for the Pearl Harbor sediment remedial investigation in Oahu, Hawaii.
