

About AECOM

AECOM is the world's premier infrastructure consulting firm, delivering professional services throughout the project lifecycle – from planning, design and engineering to program and construction management. We partner with our clients in the public and private sectors to solve their most complex challenges and build legacies for generations to come. On projects spanning transportation, buildings, water, governments, energy and the environment, our teams are driven by a common purpose to deliver a better world. AECOM is a Fortune 500 firm and its Professional Services business had revenue of approximately \$13.6 billion in fiscal year 2019. See how we deliver what others can only imagine at aecom.com and @AECOM.

AECOM is providing planning services for the Shipyard Infrastructure Optimization Plan, which aims to maximize efficiency at Navy shipyards in Norfolk, Pearl Harbor, Portsmouth, and Puget Sound.

AECOM prepared the NAS Oceana, Virginia Installation Development Plan (IDP) to guide master planning and real property investment at this master jet base for the next 25 years. The IDP integrates strategic installation planning components and real property development details for NAVFAC Mid-Atlantic.
