

## 2022 Small Business Outreach Calendar

AECOM regularly participates in Outreach efforts across the country to ensure that small business concerns will have an equitable opportunity to compete for subcontracts. The following schedule is a representative sample of events that the Company may participate in during the coming year. The decision to participate in a specific event is determined by (i) available marketing resources; (ii) a coordinated business development effort for a specific client, market focus or business unit strategy; (iii) current contract activity or anticipated bid and proposal effort within a geographic region.
