

# Take advantage of AECOM's GSA contracts...

*It's easy to work with us through GSA to get access the professional services you need. Our contracts and schedules offer approved terms & conditions and established rates for environmental, engineering, construction management services, complex professional services, IT and cyber security, and more! Contact AECOM today to learn more about the opportunities available through our GSA vehicles.*

*The GSA Schedules program serves as the catalyst for billions of dollars in Federal spending, helping to meet procurement needs for eligible users, including all branches of Federal government through applicable programs. These contracts allow us to provide a broad scope of services to our government clients and also serve as a procurement vehicle to access our services anytime through the GSA eBuy RFQ/RFP portal. Customers can procure a vast array of supplies and services (e.g., technical services, logistics, IT, and others) directly from AECOM.*

| OLM       | Order-Level Materials (OLM)  |

## **47QSWA19D006S Multiple Award Schedule (MAS): (AECOM Technical Services, Inc., UEI: EPUXNLX5EYC4)**

| SIN       | Special Item Number   |
|-----------|---|
| 334512    | Total Solution Support Products for Facilities Management Systems |
| 518210C   | Cloud Computing and Cloud Related IT Professional Services        |
| 511210    | Software License (Product Sales)                                  |
| 541370GEO | Earth Observation Solutions                                       |
| 54151     | Software Maintenance Services                                     |
| 54151S    | Information Technology Professional Services                      |
| 611420    | Information Technology Training                                   |
| OLM       | Order-Level Materials (OLM)                                       |

Federal clients can sole-source a GSA order if it is below the micro-purchase threshold of \$2,500, with documentation of the circumstances if it is between \$2,500 and the simplified acquisition threshold of \$150,000, or with a limited-sources justification if it exceeds the \$150,000 threshold. An order exceeding the \$150,000 threshold requires that you distribute an RFQ/RFP to multiple schedule contractors (typically 3) as practicable usually through the GSA eBuy System-in order to receive at least three competitive quotes on the RFQ/RFP.

- 1) Develop a scope of work and transmit it to your contracting support staff. (If you do not know who that is, let us know and we will assist you)
- 2) The contracting staff prepares an RFP and transmits it to AECOM and at least 2 other GSA Schedule holders through eBuy.
- 3) AECOM responds to your RFP with a proposal.
- 4) Technical and contracting staff review our proposal, and if necessary, clarify or negotiation with us. Since GSA schedule have set labor rates and terms and conditions, this process is quick and simple.
- 5) Contracting staff issues a task order.
- 6) AECOM completes the order.

**OASIS One Acquisition Solution for Integrated Services, Pool 1  
47QRAD20DU130  
AECOM Technical Services, Inc.,  
UEI: EPUXNLX5EYC4)**

*OASIS is able to provide both commercial and non-commercial services. The core disciplines of the contract include program management services, management consulting services, logistics services, engineering services, scientific services, and financial services.*

OASIS is GSA's next generation contract vehicle for complex professional services. The vehicle is designed to address agencies' needs for professional service requirements that:

- Span multiple professional service disciplines;
- Contain significant IT components, but are not IT requirements in and of themselves;
- Contain ancillary support components commonly referred to as ODCs;
- Require flexibility for all contract types at the task order level including cost reimbursement; and
- Any one or combination of all of the above.
- Classified
