CUSTOMER INFORMATION:

1a. Table of Awarded Special Item Number(s) with appropriate cross-reference to SIN Codes

Facilities – Facilities Solutions

[334512](#) **Total Solution Support Products for Facilities Management Systems** 334512 includes products to support facilities management systems, such as repair parts, surveillance systems, security functions, energy functions, building comfort systems, etc. This SIN is used for ESPC contracts, and the use of the DoE ENABLE Program

NOTE: Subject to Cooperative Purchasing

Information Technology - IT Solutions

[518210C](#) **Cloud and Cloud-Related IT Professional Services** Includes commercially available cloud computing services such as Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS) and emerging cloud services. IT professional services that are focused on providing the types of services that support the Government's adoption of, migration to or governance/management of Cloud computing. Specific labor categories and/or fixed price solutions (e.g. migration services, etc.) that support activities associated with assessing Cloud solutions, refactoring workloads for Cloud solutions, migrating legacy or other systems to Cloud solutions, providing management/governance of Cloud solutions, DevOps, developing cloud native applications or other Cloud oriented activities.

NOTE: Subject to Cooperative Purchasing

[511210](#) **Software Licenses** Includes both term and perpetual software licenses and maintenance.

PlanEngage - IT Solutions

Overview

AECOM's PlanEngage is an advanced digital platform that brings project documents to life with a fully interactive, seamless online interface — replacing, or complementing, traditional PDF-based and hardcopy formats. By bringing vital project information together in a user-friendly way and offering opportunities for feedback, the platform provides greater accessibility and transparency for project stakeholders, agencies, and the public. PlanEngage transforms the way project documents are developed and communicated throughout the project life cycle and across a wide range of project types.

Core Applications and Benefits

- **Digital Environmental Impact Assessment Documents (NEPA, CEQA, etc.)** – helps streamline permitting by greatly enhancing the way information is communicated, making it more accessible, more engaging and easier to understand.
- **Planning Studies and Reports (Feasibility Studies, Planning Documents, Sustainability Reports)** – facilitates better communication of project information between project team members, stakeholders, regulators, and the public.
- **Community Engagement** – map-based feedback and embedded forms enable collection of sentiment and structured feedback from stakeholders. Real-time analytics give important insights into stakeholder concerns and areas of focus.
- **Technical Reporting** – easy role and permission configuration combines with built-in production and approval workflows for more collaborative and efficient reporting, saving time and money. Improved presentation of technical reporting supports better-informed decision making.
- **Environmental Monitoring** – a dynamic reporting environment that protects published content and allows for seamless integration of updates over the lifetime of the project. Environmental Monitoring reports demonstrate change over time.

[541370GEO](#) **Earth Observation Solutions** provides geospatial earth observation technologies, products, and services to include, but not limited to ground, satellite and aerial based sensor data and imagery; worldwide digital transmission, internet, data, and video services and products through various networks, platforms, and applications. Offerings include global coverage, imagery, analysis, as a service, change detection, human geography, observation as a service, archive storage and distribution, monitoring, base maps (mosaics), and earth observation solutions for accurate, mission critical information for uses to include, but not limited to,

environmental, agriculture, meteorology, forestry, fish & wildlife habitats, disaster response and recovery, defense, maritime, mapping, humanitarian support, transportation, and public safety.

NOTE: Subject to Cooperative Purchasing.

Information Technology – IT Software

[54151 Software Maintenance Services](#) Software maintenance services creates, designs, implements, and/or integrates customized changes to software that solve one or more problems and is not included with the price of the software. Software maintenance services includes person-to-person communications regardless of the medium used to communicate by telephone support, online technical support, customized support, and/or technical expertise which are charged commercially.

NOTE: Subject to Cooperative Purchasing

Information Technology - IT Services

[54151S Information Technology Professional Services](#) IT Professional Services and/or labor categories for database planning and design; systems analysis, integration, and design; programming, conversion and implementation support; network services, data/records management, and testing.

NOTE: Subject to Cooperative Purchasing

Information Technology - IT Training

[611420 Information Technology Training](#) Includes training on hardware, software, cloud, and other applicable systems.

NOTE: Subject to Cooperative Purchasing

Miscellaneous - Complementary Special Item Numbers (SINs)

[Order-Level Materials \(OLM\)](#) OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.

OLM SIN-Level Requirements/Ordering Instructions:

OLMs are:

- Purchased under the authority of the FSS Program
- Unknown until an order is placed
- Defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 Special Ordering Procedures for the Acquisition of Order-Level Materials. (Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs)
- Only authorized for use in direct support of another awarded SIN.
- Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line-Item Number (CLIN)
- Subject to a Not to Exceed (NTE) ceiling price

OLMs are not:

- Open Market Items
- Items awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level)

OLM Pricing:

- Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF).
- The value of OLMs in a task or delivery order, or the cumulative value of OLMs in orders against an FSS BPA awarded under an FSS contract, cannot exceed 33.33%.

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. **1% Discount**

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility, and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item. **Not Applicable**

2. Maximum order: **\$1,000,000**

3. Minimum order: **\$100**

4. Geographic coverage (delivery area). **Domestic and Overseas**

5. Point(s) of production (city, county, and State or foreign country). **Same as Company Address**

6. Discount from list prices or statement of net price. **Government Net Prices**

7. Quantity discounts. **NA**

8. Prompt payment terms. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions. **Net 30 days**

9. Foreign items (list items by country of origin). **None**

10a. Time of delivery. (Contractor insert number of days.) **To Be Determined at the Task Order level**

10b. Expedited Delivery. Items available for expedited delivery are noted in this price list. **Contact Contractor**

10c. Overnight and 2-day delivery. **Contact Contractor**

10d. Urgent Requirements. **Contact Contractor**

11. F.O.B. point(s). **Destination**

12a. Ordering address(es). **Same as Contractor**

12b. Ordering procedures: **See Federal Acquisition Regulation (FAR) 8.405-3**

13. Payment address(es).

<p>Regular Mail (USPS): AECOM Technical Services, Inc. 1178 Paysphere Circle Chicago, IL 606774</p>	<p>Electronic Funds Transfer / ACH Payment: AECOM Technical Services, Inc. Bank of America, Bldg. D 2000 Clayton Rd. Concord, CA 94520-2425</p> <p>Acct: 5800937020 AVA Routing: 071000039</p>	<p>Wire Transfer: AECOM Technical Services, Inc. --	---	---

14. Warranty provision. **Standard Commercial Warranty Terms & Conditions**
15. Export packing charges, if applicable. **Not Applicable**
16. Terms and conditions of rental, maintenance, and repair (if applicable). **Not Applicable**
17. Terms and conditions of installation (if applicable). **Not Applicable**
- 18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable). **Not Applicable**
- 18b. Terms and conditions for any other services (if applicable). **Not Applicable**
19. List of service and distribution points (if applicable). **Not Applicable**
20. List of participating dealers (if applicable). **Not Applicable**
21. Preventive maintenance (if applicable). **Not Applicable**
- 22a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants). **Not Applicable**
- 22b. If applicable, indicate that Section 508 compliance information is available for the information and communications technology (ICT) products and services and show where full details can be found (e.g. contractor's website or other location.) ICT accessibility standards can be found at: <https://www.Section508.gov/>. **Not Applicable**
23. Unique Entity Identifier (UEI) Number: **EPUXNLX5EYC4**
24. Notification regarding registration in System for Award Management (SAM) database.
Contractor registered and active in SAM

The rates that follow include the Fully Burdened Labor Rates, inclusive of overhead, profit, and the GSA Industrial Funding Fee (IFF) of 0.75%. All rates for Construction Management and Consulting Services are FFP and T&M. Separate FFP and T&M rates for Environment are provided.

An interactive online platform that enhances communication and engagement and promotes collaboration and feedback. This in turn minimizes project risk and improves outcomes for the project owner, the community, and the environment.

Easily accessible in the cloud, and simple to use, PlanEngage™ enables teams to create, edit, and publish highly visual and interactive communication throughout the lifecycle of a project, including images, videos, 360-degree project progress images, visualizations, project dashboards, and more. Coupled with inbuilt feedback capture and reporting, PlanEngage supports communication consistency, enhanced collaboration, regulatory compliance, improved accessibility, and social license.

PlanEngage provides widespread opportunities for people to understand a new building and/or infrastructure project, its impacts, and its potential before it goes ahead, but also throughout its lifecycle - facilitating deeper engagement and more informed consent and driving better and more cost-effective decisions. For more information visit <http://www.planengage.com/>.

Interactive and Engaging		Accessible and Transparent		Collaborative and Streamlined			
Engaging content to tell your project's story. Easily view the information that matters to you most.		Obtain more informed feedback from people with different backgrounds. All content is 508 compliant, translatable, accessible via smart phone.		Project teams can develop and review content together, with interactive maps at their fingertips.

The Authorized Users Limit consists of the total number of Authorized Users that are permitted to access the PlanEngage platform. Each Authorized User is granted a specific set of functionalities and permissions (a "Role") within the PlanEngage platform. The total number of each Authorized Users allowed to be assigned to a Role varies based on the selected Plan. The Roles include:

¹ Active Users

- Limited Access User – permitted to view/edit only an assigned part of a project
- Project Editor – permitted to view/edit any section in a specific project and manage project details and configuration
- Project Owner – possesses all of the permissions as a Project Editor, and permitted to publish the project and grant Limited Access User status or Project Editor status to other Authorized Users
- Client Owner – possesses all of the permissions as a Project Owner for all the projects subscribed to by a specific client, and is permitted to create new projects under this client and grant access at the client level

² Administrators – possesses all of the permissions available to an Active User, plus application management tasks

³ Viewers – has read-only access to a specific project

Labor Class	Minimum Education/ Certification Level	Minimum Years of Experience	Description
GIS Technician - Senior	BA or BS Master's degree and 3 years of relevant experience, or Bachelor's degree with over 5 years of relevant experience.	<5	<p>GIS Technician</p> <p>The GIS Technician works under the supervision of other team members and is expected to apply the concepts of GIS and spatial analyses to solve tasks as assigned. The following are examples of work performed by the GIS Technician:</p> <ul style="list-style-type: none"> • Uses COTS software to input, edit, prepare and produce various maps, related geographic database information and other GIS tools and products. • Assist in developing geographic database structures, tables, forms and reports. <p>Responds to user requests for standard or custom maps, charts, graphs, GIS analysis, GIS projects and related information.</p>
GIS Technician - Intermediate	BA or BS Bachelor's degree, or an Associate's degree and 2 years of relevant experience.	-5	
GIS Technician - Junior	Earned credit from a college or university and a minimum of 2 years relevant experience, or a high school degree and a minimum of 5 years relevant experience.	0-2	
Geodatabase Designer - Senior	BA or BS Master's degree and 3 years of relevant experience, or Bachelor's degree with over 5 years of relevant experience.	<5	<p>Geodatabase Designer</p> <p>The Geodatabase designer supports the design and implementation of databases with a spatial component known as geodatabases. Geodatabase design involves more traditional databases combined with location data inherent to some of the data. The Geodatabase designer considers what additional spatial and database elements will be needed for integrity rules, and whether more advanced GIS behavior (such as topologies, networks, and raster catalogs) is needed. They also define spatial and attribute relationships between datasets, and how the data will be organized into datasets, such as feature classes, attributes, raster datasets.</p>
Geodatabase Designer - Intermediate	BA or BS Bachelor's degree, or an Associate's degree and 2 years of relevant experience.	2-5

Service Contract Labor Standards: The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all

services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and / or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
